Smoke Detector/Carbon Monoxide Detector

These instructions are to be used as a guide to help you maintain your home or office in a safe and efficient manner. They do not replace the requirements of the manufacturer. You should ALWAYS review your owner's manual for additional preventive maintenance requirements.

This inspection is designed to enhance the safety of your facility.

1. Test the smoke detector and carbon monoxide detector by activating them our using a test spray that can be purchased at most home center stores. Replace batteries as needed.

Take the time to do a thorough inspection. Ask if you have questions!
